

July 2013

I am pleased to have joined the community of artists at La Fab for the summer. La Fab is the Chelsea Arts, Culture and Heritage Centre, located at 212 Old Chelsea Road in Chelsea, Quebec, right beside St. Stephen's Church. Have a look at their website www.culturechelsea.ca to find out what's going on in the Chelsea art scene.

My studio is on the second floor. I will be offering classes for adults and children over the summer. The next class is Saturday July 6. I will be teaching an adult crochet class called **Stitches**. This class will be offered again, later in the summer. A wire working class is also in the works.

Create your own crocheted bracelet. Learn how to crochet with metal wire. Add your favourite beads and in a few hours, you will have created a unique piece of jewellery. Get used to finishing the ends of a bracelet so that it is comfortable and secure.

Also this summer,

Jewellery Creations!

Day CAMP at LA FAB for 8 - 13 year olds.

Children will make amazing necklaces, earrings and beautiful bracelets with colourful wire.

July 13 and 27
